MEMORANDUM FOR THE DIRECTOR

With some understandable hesitation I want to jog your memory of a conversation we had a week or so ago about bringing the Board of National Estimates closer to the Director (on the organization diagram at least) by making the Assistant Director/NE into the Deputy Director/NE. You will recall that this was one of your recent recommendations to the Killian Board. At the time of our last talk, you said you might want to discuss the matter with Mr. McCone.
